Ontario Mathematics Competition

2025

Acknowledgements

Another year has quickly passed by, and with it, another edition of the OMC. As always, running a contest of this magnitude requires the effort and time of many people, so we would like to use this space to give recognition to everyone who makes this contest possible.

First, I want to thank all of the staff members at OCMC for organizing the contest. From the finance team's efforts to secure funding to the operations team who communicate with schools and students to of course the problem setting team who handles all math related aspects of OMC, the contest would cease to exist without your work.

To all of the proctors and teacher organizers, thank you for bringing OMC to your school. We are honoured that you felt our contest is worthwhile enough to host, and I'm sure that the students appreciate your efforts. Please continue to collaborate with us in the future to bring more opportunities in mathematics to your school.

As for our generous sponsors, thank you for your support. By providing donations that cover operational costs and prizes, you make it possible for us reach more students and spread the joy of mathematics.

Finally, to all students who participated in the contest, I sincerely hope that the OMC was an enjoyable experience. Every problem on the contest was selected with care, so if any of them surprised or delighted you, our goal has been achieved. The problems are meant to be very difficult, so please don't feel discouraged if you did not perform as well as you wanted. In any case, thank you for taking the time to write OMC.

Let's continue to improve together.

Sincerely,

Daniel Chen
Director of Operations,
Ontario Competitive Mathematics Committee

Thank you again to our sponsors:

Jane Street

Awards, Participation, and Student Ranking

Awards

Overall Awards

Champion	Donald Li	Oakville Trafalgar High School	Grade 10
Second	Victor Wen	Leading Aces Academy	Grade 11
Third	Richard Zhang	Laurel Heights Secondary School	Grade 10
Fourth	Abhiraj Singh	University of Toronto Schools	Grade 11
Fifth	Richard Zhou	Laurel Heights Secondary School	Grade 12

Junior Awards

Champion	Ruiyang Yao	St. Robert Catholic High School	Grade 10
Second	Jayden Lee	Abbey Park High School	Grade 10
Third	Isabella Li	University of Toronto Schools	Grade 8

The Junior Awards are awarded to the highest-scoring students currently in Grade 10 or lower who have not received any overall awards.

Each award winner will receive a cash prize between \$10 to \$30. All contestants will receive discount coupons for courses at Leading Aces Academy.

Participation

Number of schools registered: 15

Total number of students participated: 298

Student Ranking

Score	Rank	Score	Rank	Score	Rank
65	1	41	44	25	254
56	2	40	48	24	259
55	3	39	58	23	270
54	4	38	74	22	274
53	8	37	84	21	277
52	9	36	97	20	281
51	10	35	106	19	283
50	11	34	122	18	285
49	13	33	136	17	291

**Ontario Mathematics Competition 2025
School Ranking**

Ranking	School	City	Score
1	Laurel Heights Secondary School	Waterloo, ON	249
2	University of Toronto Schools	Toronto, ON	242
3	St. Robert Catholic High School	Markham, ON	242
4	Earl Haig Secondary School	North York, ON	240
5	Leading Aces Academy	Richmond Hill, ON	234
6	Martingrove Collegiate Institute	Etobicoke, ON	228
7	Oakville Trafalgar High School	Oakville, ON	213
8	Markville Secondary School	Markham, ON	212
9	Abbey Park High School	Oakville, ON	211
10	The Woodlands Secondary School	Mississauga, ON	204

N.B. The school score is calculated as the sum of the top five scorers in the school. If a school has less than five participants, the missing scores will be taken to be the average score of all participants. In the case of a tie, the highest score from each school will be used as a tiebreaker.
